PRESENTS A COLLECTION OF OUR COMIC STRIPS

TROUBLE NEVER ENDS

The dude is the life of the comic; the harmless yet eternally naive guy who has developed a knack of being in the wrong place at the wrong time, every single time.

The monk, the wise one, who has all the solutions. Ignore him at your own risk!

and the cat who is the sarcastic on-looker, who has a unique view of the world around him.

At MCX, we have always felt that it is our responsibility to inform and educate our members, clients and investors about the 'dos and don'ts' of trading in the commodity derivatives market, and the important role an exchange plays while trading. This will help them understand the nuances of the process better and stay secured as they hedge on our platforms.

'A Monk Who Trades' is our way of engaging with the people who are looking at us to show the way forward in a fun and entertaining way. I am happy to say that our efforts have paid off and the comic strip has been received well. As we finish 50 weeks with 'The Monk' and his friends, we have designed a special-edition book showcasing their journey till now, in celebration of this occasion.

Enjoy the journey!

WE TAKE OUR COMICS VERY SERIOUSLY!

'A Monk Who Trades' started out as a tool to reach out to our customers about the Dos, Don'ts and everything in between about exchanges and their functions. We wanted it to be educative without being academic. This is when we thought humour could be the right vehicle to get the message across, and thus a new comic strip was born. This, in a highly regulated category that has a reputation of all work and no play, has been received exceptionally well. Which is why we decided to commemorate the fact that we are a year old with a book that chronicles our journey up until now.

Hope you have as much fun reading it as we had creating it.

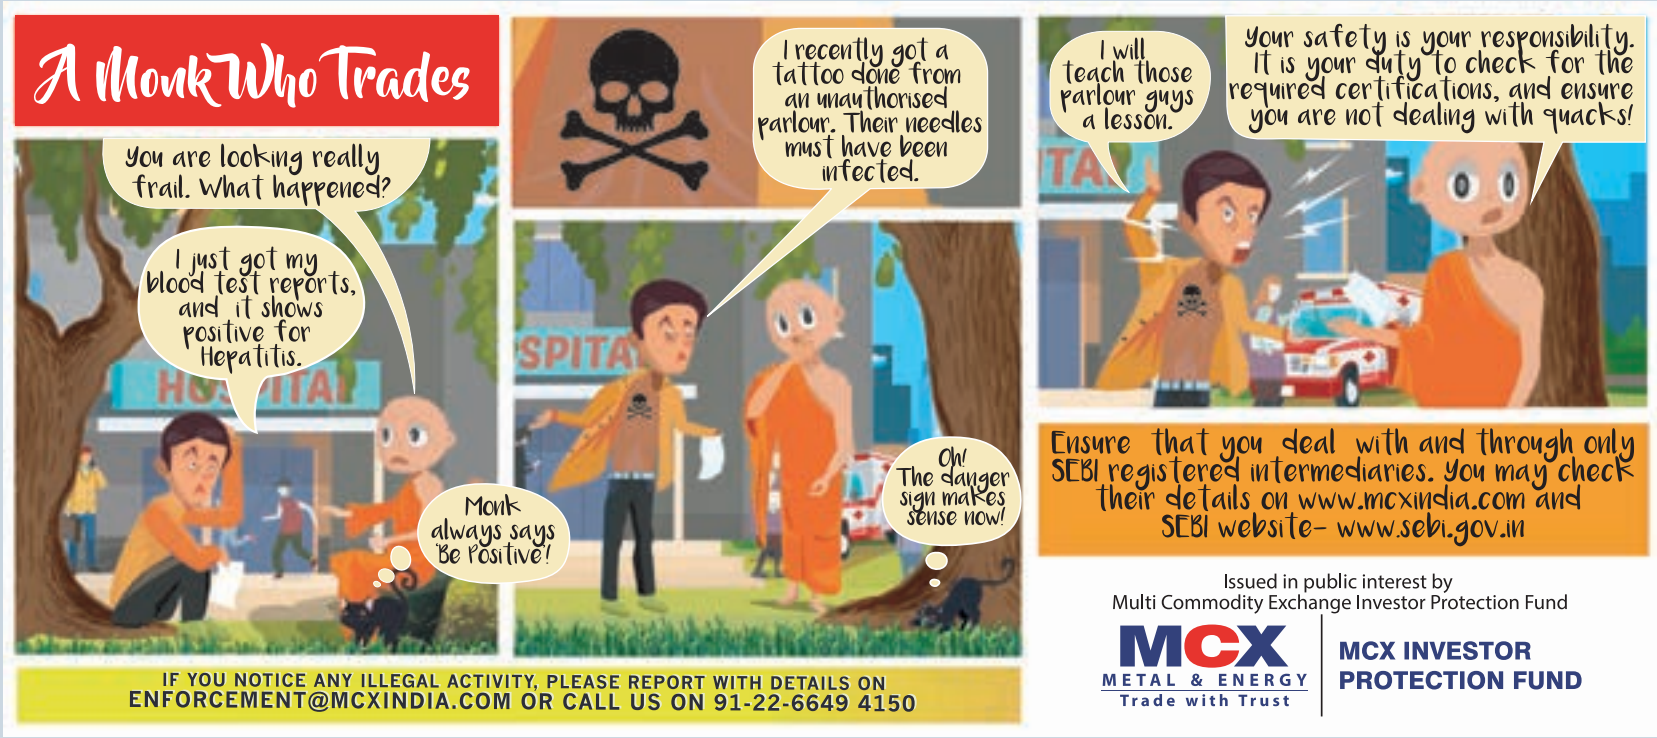
BE POSITIVE



A Monk Who Trades
you are looking really frail. What happened?
I just got my blood test reports, and it shows positive for Hepatitis.
Monk always says 'Be Positive!'
I recently got a tattoo done from an unauthorised parlour. Their needles must have been infected.
Oh! The danger sign makes sense now!
I will teach those parlour guys a lesson.
