Circular No: MCX/TECH/650/2026 November 19, 2026

Mock Trading from Disaster Recovery Site (DRS)

In terms of the provisions of the Rules, Bye-Laws and Regulations of the Exchange, members of the Exchange are notified that the Exchange shall be conducting mock trading session on **Saturday, November 21, 2026.**

Trading Members may please refer to Exchange Circular MCX/CTCL/256/2026 dated April 30, 2026, MCX/CTCL/891/2020 dated November 25, 2020, and MCX/CTCL/195/2026 dated April 13, 2026, regarding testing of software used in or related to Trading and Risk Management. **Members having approved algorithm strategies irrespective of the algorithm having undergone change or not, mandatorily required to participate in the mock trading session using all algorithm strategy/strategies.**

Schedule for Mock Trading

Session	Time
Special Session	**11:55 am – 11:59 am**
Mock trading timing	**12:00 pm – 04:00 pm**

Members using CTCL facility are requested to actively participate in the mock trading session using their third party trading platforms of empaneled vendors or in-house developed systems using Trading interface – MCX Enhanced Trading Interface (ETI) API version 1.4.2 dated August 14, 2024, moreover, Members are advised to use this opportunity to test their respective trading applications from their Disaster Recovery site as well, during mock trading session.

Members may note that participation on Saturday, November 21, 2026, mock is available through existing leased line connectivity. Members connecting via internet may participate in this mock trading using their live (existing) SSL VPN ids through SSL VPN link https://trade.mcxindia.com.

The connectivity details for the Mock Trading session of trading platform are provided in **Annexure 1**.

The Default password related details are provided in **Annexure 2.**

Members should put in place an adequate mechanism to restore their trading systems to the production state at the end of the mock session to ensure integrity of their trading system.

Members may please note that trades resulting from mock trading will not attract any obligation for pay-in and pay-out.

Members are requested to take note of the same.

For and on behalf of
Multi Commodity Exchange of India Ltd.

Distribution Server IP address	TCP Port	Description
192.168.73.53	19081	Distribution server 1
192.168.73.54	19081	Distribution server 2

Market Data			
Particulars	**IP address**	**UDP Port**	**Description**
Trading Market Data - Market Data Interface (MDI)			
MDI	239.255.71.3	19096	High Frequency Market Data
Enhanced Market Data Interface (EMDI)			
Stream - 1	239.255.71.10	19088 19090	(Incremental) (Snapshot)
Stream - 2	239.255.71.14	19088 19090	(Incremental) (Snapshot)
Stream - 3	239.255.71.18	19088 19090	(Incremental) (Snapshot)
Stream - 4	239.255.71.22	19088 19090	(Incremental) (Snapshot)
Stream - 5	239.255.71.12	19068 19070	(Incremental) (Snapshot)
Stream - 6	239.255.71.16	19088 19090	(Incremental) (Snapshot)
Stream - 7	239.255.71.51	19088 19090	(Incremental) (Snapshot)
Stream - 8	239.255.71.52	19088 19090	(Incremental) (Snapshot)

Enhanced Order Book Interface (EOBI) – Tick-by-Tick Market Data (TBT)			
Stream - 1	239.255.71.4	19088	(Incremental)
	239.255.71.5	19090	(Snapshot)
Stream - 2	239.255.71.8	19188	(Incremental)
	239.255.71.9	19190	(Snapshot)
Stream - 3	239.255.71.26	19288	(Incremental)
	239.255.71.27	19290	(Snapshot)
Stream - 4	239.255.71.28	19388	(Incremental)
	239.255.71.29	19390	(Snapshot)
Stream - 5	239.255.71.6	19088	(Incremental)
	239.255.71.7	19090	(Snapshot)
Stream - 6	239.255.71.31	19488	(Incremental)
	239.255.71.32	19490	(Snapshot)
Stream - 7	239.255.71.33	19588	(Incremental)
	239.255.71.34	19590	(Snapshot)
Stream - 8	239.255.71.35	19688	(Incremental)
	239.255.71.36	19690	(Snapshot)
Index stream	239.255.71.30	19080	–

Note:

- Enhanced Market Data Interface (EMDI) and Tick-by-Tick Market Data (EOBI/TBT) are applicable only for Members using Point to Point (P2P) Leased Line
- EMDI multicast will be configured only on EOBI/TBT enabled point to point links.
- The PartitionID in MCXScrips.bcp also represents the EOBI and EMDI stream identifier.

Route addition

Members having leased line are requested to add persistent routes of below mentioned IP pool in their respective trading servers/ desktops having multiple NIC (Network Interface card). Please note the routes are required to be added in the trading servers/ desktop with multiple NIC and members trading through leased line only.

IP pool	Subnet mask	Gateway
192.168.73.0	255.255.255.0	MCX Leased line router IP address
192.168.71.0	255.255.255.0	
192.168.61.0	255.255.255.0	
192.168.63.0	255.255.255.0	

Annexure 2

Members are requested to note that there is a change in default password policy for MTS & MCS for new trading interface details as follows:

Default password

- If new user is created or password is reset, then default password will be set as **Mcx@ddmm**. For example, if password for user id 1234 is reset on 20th August 23, then default password would be Mcx@2008, upon successful login system will immediately ask for password change, which can be set as per user choice as per password guideline.
- Members can use their existing password for login MCS and MTS during MOCK sessions. **Password change during MOCK sessions will be valid for the next Live trading session.**

- ***Members can reset MTS terminal password through MCS application.***

Password Guidelines

- Passwords should be a minimum of 8 characters
- Passwords should be a maximum of 12 characters
- Passwords should contain both Upper Case and Lower-Case characters (e.g.: a-z, AZ)
- The password should include digits and special characters (e.g.: 0-9, !@#$%^&*()_+|~-=\`{}[]:";'<>?,./)
- Password history is minimum 4 passwords, hence you cannot set new password which is used in last 4 times.
