MCX inks partnership pact with Banasthali Vidyapith

In a bid to support financial literacy among women, Multi Commodity Exchange (MCX) has entered into partnership with Banasthali Vidyapith, the world's largest fully residential university for women in Rajasthan. The initiative will encourage women empowerment via financial-skill development in managing commodity price risk using modern financial derivatives.

Over last 80 years, Banasthali Vidyapith has developed itself into a national centre for women's education and is eager to provide new skill sets to their students.

MCX, the leading commodity bourse, largely offers futures trading in non-agricultural commodities. The exchange contributes maximum business to the total turnover of the commodity futures market.
