TROUBLE NEVER ENDS
The Monk,
the wise one, who has all the solutions. Ignore him at your own risk.
The dude,
is the life of the comic; the harmless yet eternally naive guy who has developed a knack for being in the wrong place at the wrong time, every single time.
and the cat,
the sarcastic onlooker, who has a truly unique view of the world around.
HELP

Educating our stakeholders has been a cornerstone of our objectives here at MCX IPF. The idea is to raise awareness about the guidelines for trading in the commodity derivatives market, while still putting a smile on your face. That's how 'A Monk Who Trades' came into being. The widespread appreciation and popularity the comic strip has received is a sign that we've succeeded in what we set out to achieve.

'A Monk Who Trades' is currently in its fifth year and we are excited to bring you the 5th edition of our compilation of what we've done so far this year. We've had a lot of fun creating it. Hope you have as much fun reading it too!

Happy reading!
