MCX enters into MoU with Chitkara University, Punjab

Multi Commodity Exchange of India (MCX), India's leading commodity exchange and Chitkara University, a Punjab government recognized university that figures in the UGC list of private universities, have signed a memorandum of understanding (MoU) for supporting financial literacy among its students. The initiative is directed toward imparting education on commodity price risk management and derivatives market and will foster empowerment of the students through several efforts toward financial-skill development. This is eighth MoU signed by MCX with various educational institutions, which shows the exchange's incessant efforts and commitment toward financial literacy in the commodity derivatives space.

MCX, the leading commodity bourse, largely offers futures trading in non-agricultural commodities. The exchange contributes maximum business to the total turnover of the commodity futures market.
