MCX, Tata Power ties up

As part of its strategy to ensure that more farmers use the futures trading platform, the Multi Commodity Exchange (MCX), has signed an memorandum of understanding (MoU) with Tata Power, country's largest iIntegrated power utility. MCX is the country's biggest commodity exchange. Through the alliance, the benefit of futures price information will be spread to more than 2000 farmers across 25 villages of Maharashtra where Tata Power has its project and Corporate Social Responsibility activity.
