MCX to set up disaster recovery facility in GIFT City

Commodities bourse MCX on Monday said it has acquired office space in the GIFT City to set up disaster recovery (DR) infrastructure and a training facility. The office space will be utilised by Multi Commodity Exchange of India (MCX) to set up a full-fledged business continuity facility with disaster recovery infrastructure to carry out all critical operations and processes seamlessly in any eventuality, a statement said. The IT infrastructure at DR site will be hosted at a data centre that will be built and managed under international Tier-IV specifications. MCX will also establish a facility to conduct training schemes and impart knowledge to enhance the skill of students and working professionals.
