• Total income stood at Rs. 110.84 crore, increase of 0.39% as compared to quarter ended March 31, 2019.

## Operational Performance

• The average daily turnover (ADT) on the exchange has increased by 12.8% to Rs 27,473 crore in Q1 FY2019-20 from Rs 24,360 crore in the corresponding quarter of Q1 FY2018-19.
• In the month of July, the turnover in MCX Gold (all variants) made a daily high of Rs 18, 191 crore and open interest also recorded a high of 30.8 tonnes.
• Cotton witnessed a record high turnover of Rs 792.67 crore on May 14, 2019 and the open interest averaged 5.08 lakh bales during the Q1 FY2019-20.
• MCX has successfully converted all its base metal futures contracts into compulsory delivery contracts. Until now, 3,288 tonnes of Aluminium, 1,370 tonnes of Zinc and 85.5 tonnes of Nickel have been delivered through the exchange mechanism. The copper July 2019 contract has been the last base metal contract to be converted into a compulsory delivery contract.

**About MCX:**

Having commenced operations on November 10, 2003, Multi Commodity Exchange of India Limited (MCX) is India's first listed, national-level, electronic exchange. It is also the first exchange to introduce commodity options in India. In the financial year 2018–19, the market share of MCX was 91.59%. MCX offers the benefits of fair price discovery and price risk management to the Indian commodity market ecosystem. Various commodities across segments are traded on the Exchange platform. These include bullion, energy, metals and agri commodities. The exchange has forged strategic alliances with various international exchanges, as well as Indian and international trade associations.
