MCX invites proposals for New Derivatives platform

Mumbai, October 16, 2020: The Multi Commodity Exchange of India Limited (MCX), India's first listed exchange, aims to implement a new advanced Commodity Derivatives Platform (CDP) for its trading and clearing related services. Apropos to that MCX invites proposals from interested bidders for supply, installation, implementation, training and support, etc. of the derivatives platform. The details and the Request for Proposal (RFP) documents would be available from 17th October, 2020 on the exchange website in the procurement section (www.mcxindia.com/media/procurement-corner). The eligible bidders desirous of taking up the project for supply of above solutions are invited to submit their techno-commercial and financial proposals as given in the RFP.

Last date for submission of proposals will be **20th November, 2020**.

About MCX:

Having commenced operations on November 10, 2003, Multi Commodity Exchange of India Limited (MCX) is India's first listed, national-level, electronic exchange. It is also the first exchange to introduce commodity options in India. In the financial year 2019-20, the market share of MCX was at a record high of 94.01%. MCX offers the benefits of fair price discovery and price risk management to the Indian commodity market ecosystem. Various commodities across segments are traded on the Exchange platform. These include bullion, energy, metals and agri commodities. The exchange has forged strategic alliances with various international exchanges, as well as Indian and international trade associations. For more information, about MCX and its products visit www.mcxindia.com.
