About MCX:

The Multi Commodity Exchange of India Limited (MCX), India's first listed exchange, is a state-of-the-art, commodity derivatives exchange that facilitates online commodity futures and options transactions, thereby provides a platform for price discovery and risk management. The Exchange, which started operations in November 2003, operates under the regulatory framework of Securities and Exchange Board of India (SEBI). All the trades on the exchange are cleared and settled by MCX Clearing Corporation of India (MCXCCL). MCX offers trading in commodity derivative contracts across varied segments including bullion, industrial metals, energy, agricultural commodities and indices. MCX is India's leading commodity derivatives exchange with a market share of 93.6% in terms of value of commodity futures contracts traded in FY22. The exchange has forged strategic alliances with various international exchanges as well as, Indian and international trade associations.
